

Pioneer in Pharmacy

Prof. (Dr.) Girish K. Jani
(M. Pharm., Ph.D.)

A quintessence of versatility in Pharmaceutical Education and Research.

‘Everyone has come in this universe to do something special so one must create something new by positive thinking with all challenges and strive for excellence. Success will automatically follow.

With this strong motto implemented in each and every action in the society of Pharmacy, Dr. Girish K. Jani, is the driving force behind the pharma-education and research at various pharma-institutes including SSR College of Pharmacy, Sayli, Silvassa, India.

Dr. G.K.Jani did his B.Pharm., M. Pharm. and Ph.D. in Pharmaceutics and Pharmaceutical Technology from a well known prestigious college – L. M. College of Pharmacy under Gujarat University, Navrangpura, Ahmedabad, Gujarat, India during 1973, 1981 and 1997 respectively.

He started his career on 1st march 1973 as a chemist at Sarabhai chemicals, Baroda, Gujarat to share his knowledge and ideas in the development of pharma-profession. But heartily he has keen interest in development of career of new pharma bud towards education and research. Hence on 1st august 1974 he got a chance as a pharma-teacher. He has started his teaching profession as an assistant lecturer on 1st august 1974 with a well known oldest prestigious institute in pharmacy namely L.M.College of Pharmacy, Ahmedabad, Gujarat. He always loves teaching of all subjects of pharmacy.

Lord shiv has given a powerful brain to him to share his experience and knowledge not only to make bright career of pharma-bud through his art of teaching but also through his own written book of Pharmacy. He

has written a first book ‘Dispensing Pharmacy’ for Pharmacy students during 1990 to give a real touch of Pharma-formulation background. He loves all student and students of pharma-field throughout nation know him through his writing book for pharmacy. Due to his hardworking talent he got a position of assistant professor at P.G. center of L.M.College of Pharmacy on 1st jan. 1994 and joined Ph.D. under the guidance of Dr. Mukesh C. Gohel, Principal, L.M. College of Pharmacy. During his Ph.D. and teaching profession he guided number of student of M.Pharm. in research activity. He got ph.D. in Pharmaceutics during 1997. After completion of Ph.D. he has actively involved in teaching and research activity of pharma-buds and pharma-industries. He has written more than 10 book of pharmacy profession to educate all pharma-buds under different publication without any tiredness starting from early morning to mid night. Due to his art of writing book of pharmacy and teaching power all pharma-student of our nation love him. He has guided more than 35 student of M. Pharm. And they are having a desire placement in pharma-academic and industry. He has published more than 25 research publication and received two awards.

His ability of having a good managing power to run educational institute, he joined Babaria Institute of Pharmacy, Baroda under Gujarat University on 29 Nov. 2005 as a Principal. Under his leadership Babaria institute of pharmacy is now well developed for pharma-education. On 20th July 2006 he joined K.B. Raval College of Pharmacy, Sertha, Mehsana under Gujarat university for the development of new institute in pharma-education as per interest of society. As per his motivation and guidance number of institution not only throughout Gujarat but periphery of it achieved grant success in pharma-education. He had approved number of institute as Pharmacy College under the inspection through AICTE, India.

On 9th august 2007 he joined as a Principal at SSR College of Pharmacy, Sayli, Silvassa, U.T. of Dadra and Nagar Haveli, India; affiliated to University of Pune. Under his talent and expertise, students and staff member of SSR College of Pharmacy reach a desire goal of life. They always inspired by his hardworking and loving nature in development of pharma-education and research. He has guided number of Ph.D. student under different university. Under his guidance five students are doing Ph.D. and one student has completed his Ph.D. Besides his teaching life he enjoys his other time in writing book of pharmacy of new chapters under loving melody of

old hindi movie songs. He is actively involved in designing of cosmetics and new techniques of dosage form of existing drugs using his magic mathematic and biostatic mind.

Dr. Jani is happily married to Mrs. Parul Jani and blessed with one loving smart son namely Dr. Hardik G. Jani. He likes reading, writing books of Pharmacy. He believes that to succeed one must constantly challenge oneself to scale newer heights. He believes that to become a good teacher everyday reading with involvement of new ideas of art of teaching is required. This indeed is the secret of his success in the academic life of pharmacy.

He wants to publish number of other books for pharmacy in simple understandable language to make the career of coming pharma-buds.
